

OPPORTUNITY FUND PROJECT

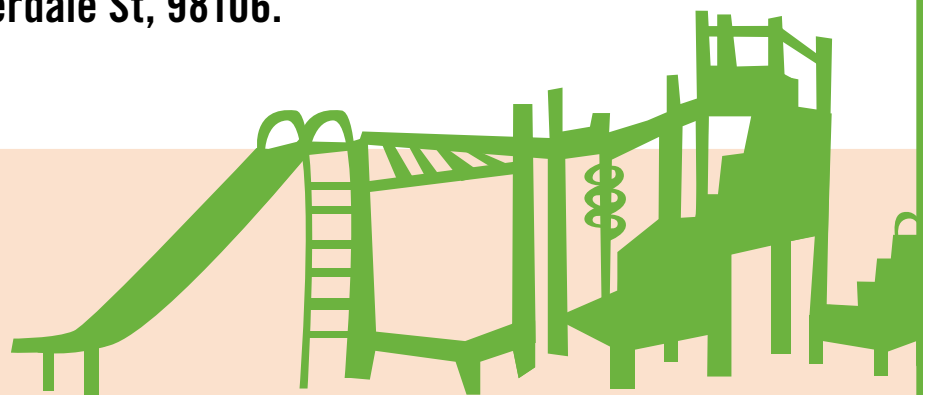

HIGHLAND PARK PLAY AREA COMMUNITY MEETING

Seattle Parks and Recreation invites the community to review the design for the Highland Park Playground Opportunity Fund project and provide comments. This new design is based on input received from the community. The goal of this project is to create a cohesive space that improves the usability and safety for the play area. The project improves access into the park and play structures.

Funding for this park improvement is provided by the 2008 Parks and Green Spaces Levy Opportunity Fund.

The design team and project planner encourage the community to attend and learn about this project located in Highland Park at 1100 SW Cloverdale St, 98106.

Seattle Parks and Recreation invites you to the third and final meeting for the community-initiated Highland Park Playground Improvement project.
